Dr. Yuguang Michael Fang
Professor
Electrical and Computer Engineering
P.O. Box 116200
University of Florida
Gainesville, Florida 32611-6580

Dear Dr. Fang -

Congratulations! You have been selected as a College of Engineering Doctoral Dissertation Advisor/Mentoring Awardee for academic year 2015-2016. This honor, based upon an extensive review of your application packet, recognizes your excellence, innovation, and effectiveness in doctoral student advising and mentoring. Your award will be formally acknowledged at the Herbert Wertheim College of Engineering Awards Luncheon to be scheduled in Spring 2016.

I want to additionally inform you that the College is recommending you for consideration at the University level for this same award. You will be notified of the outcome by the Graduate School Selection Committee in March 2016. I would like to extend to you my personal congratulations for a job well done. Mentoring of our doctoral students is an extremely important aspect of what it means to serve on the college faculty, and your dedication to this activity is very much appreciated by your colleagues and peers.

Sincerely,

A handwritten signature in cursive script that reads 'Wesley E. Bolch'.

Wesley Bolch, PhD, PE
Associate Dean for Academic Affairs
Professor of Biomedical Engineering
